People Like Me in careers from Physics

A campaign by

WISE helps girls to find great careers in science, technology and engineering

Supported by:

WISE

South East Physics Network

British Sugar
Did you know?

Women with physics qualifications earn on average £250,000 more during their working life, than those without.

Women with physics qualifications have a great choice of careers, with plenty of flexible working and part-time options.

Girls can find career ideas to suit their personality by taking the ‘People Like Me’ quiz by visiting the website below for details of the app and resource pack for schools.

Ask your school

how they are helping girls to find out about all the options available to them

> Girls can keep more options available to them by continuing to study physics beyond age 16

> WISE has produced ‘People Like Me’ school resources which allow girls to identify 3-5 types of people whose personalities and attributes match their own

> Explore those types in this flyer

> Girls can start to think about jobs that will make them happy and successful
